

# Proposed Major Service Changes for: **Route 5 & Route 22**

---

# Why

**Sun Tran was asked to reduce its operational budget. To improve operations and better serve our community, we evaluated the five lowest-performing routes and explored ways to use our resources more wisely.**

# Five Lowest Performing Routes

**Route 5 (Pima/W. Speedway)**

**Route 15 (Campbell)**

**Route 21 (W.Congress/Silverbell)**

**Route 22 (El Rio/ W.Speedway)**

**Route 61 (La Cholla)**

# Why Route 5

**Among the five routes with the lowest performance indicators, this proposal offered the most significant cost savings. Additionally, a portion of the existing alignment will continue to be served by a modified Route 22, ensuring continued coverage in key areas.**

# Cost Savings

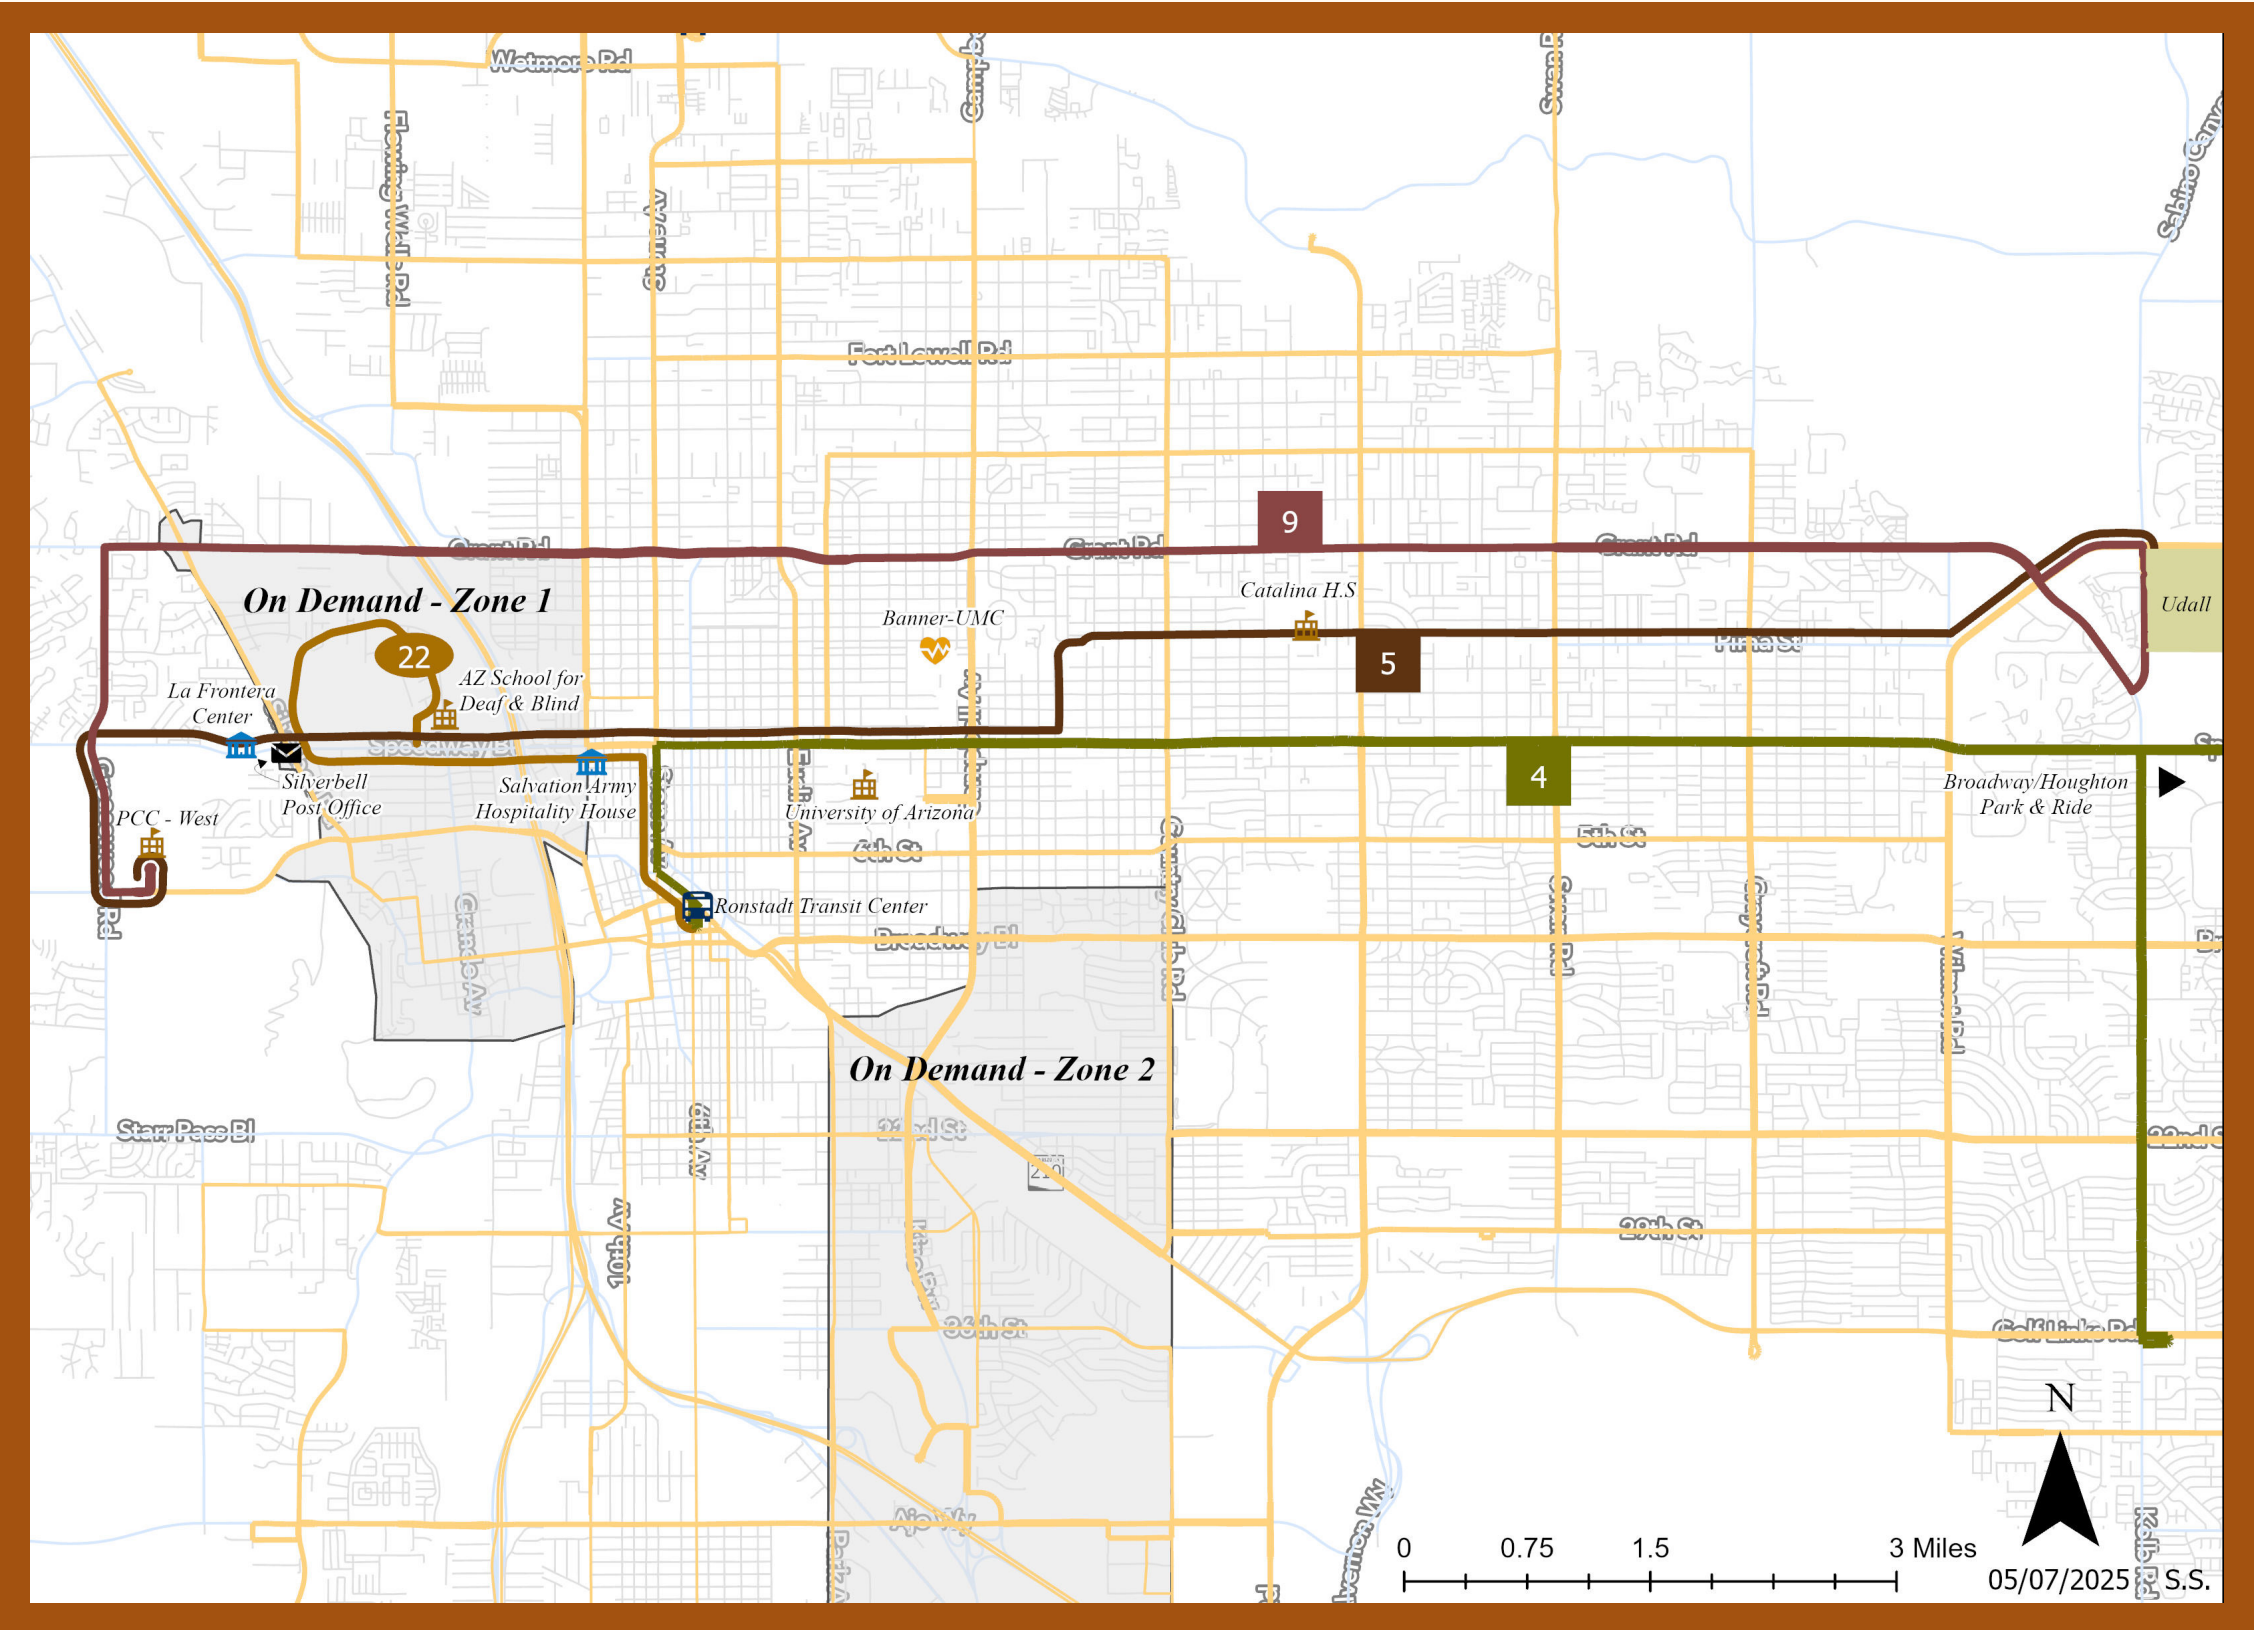

Service Change	Cost Increase/Decrease	Amount
Route 5 Elimination	Decrease	\$1,656,000
Route 22 Changes (Keep & extend to PCC West)	Increase	\$557,000
	TOTAL NET SAVINGS	<b>\$1,099,000</b>

# Current Routes

### LEGEND

#### Sun Tran System

- Route 4
- Route 9
- Route 22
- Sun Tran Routes
- Sun On Demand Zones
