FEBRUARY 2022 HIGHLIGHTS

SUPERVISOR TRAINING

Transportation Safety Institute instructors from the U. S. Department of Transportation conducted a training program at Sun Tran. Thirty participants from various transit systems across the country participated in the Transit Supervisor Certification Course. Twelve employees from Sun Tran, Sun Van and Sun Link were among the participants who completed the 36-hour course.

Training participants work in groups as a TSI instructor explains course material.

Class participants and instructors mark the last day of training.
